Thank you for purchasing our product. We do everything we can to provide you with the most current and up to date diagrams. Please verify pin locations in these diagrams carefully and if they are incorrect email me at pmcmahon@nethere.net

Ability to use a Digital meter is a must.

If your transmission is a 4L60E do not forget to wire a brake switch to release the torque converter clutch. You should also think about reprogramming your PCM to disable the anti theft and traction control.
